

# Don't Click That Phish!

- ✗ Sender email address is at 'naharpost.com, and should be USPS.com.
- ✗ That 'Reply-to' address shouldn't be there, and shouldn't be the hijacked account 'clingroup.org'
- ✗ Spelling and usage errors: companys, couldnt, 'you' instead of 'your'.
- ✗ International date format, day first, 15<sup>th</sup> August.
- ✗ When you slide the mouse over the label link, it doesn't go to USPS.com
- ✗ 'Print a shipping label', not a pickup notice. Oops.
- ✗ Your parcel is magically in the 'nearest' post office, and not the office for your ZIP code.
- ✗ The USPS doesn't use employee names in automated email. That should say 'USPS', not 'Manager Michael...'
- ✗ The message is copyrighted by 'USPS.COM' but a real USPS message is not from any 'dot-com':
